CDC Offers Guidelines for Fully Vaccinated People

CDC and Shelby County Issue New Guidelines for Fully Vaccinated People. If you have received a full course of COVID-19 vaccine and waited 2 weeks after receiving your second shot or your first shot of the Johnson & Johnson vaccine, you can resume activities that you did prior to the pandemic.

Masks are still highly recommended.

Masks must be worn if:

- A “mask must be worn” note is posted
- It’s a requirement of a private business
- Entering Federal property
- On public transportation
- You are not vaccinated and around people who don’t live with you.

If you haven’t been vaccinated yet, find a vaccine. Until you are vaccinated, wear a mask, stay 6 feet apart, and wash your hands.

If you are fully vaccinated, remember you can still be infected with or “carry” the virus that causes COVID-19 while not feeling sick or having symptoms. Please read the June *Tidings* for a more detailed article.

Mission & Movie Mondays

Will be held 4 times throughout the summer. During these meeting times, elementary children will make a high quality craft that can be sold to benefit a local charity. Children will enjoy using their creativity during craft time, be provided with lunch, and then relax in the air conditioning while they watch a movie. While the elementary children will be participating in “MMM”, preschool-age children will receive childcare and a Bible lesson in the Hamilton Nursery. Registration is required to attend. Cost is \$5/child. More information and the link to register can be found on the church website under “What’s going on”, then “Open Registrations”.
